2. Resilience workshop; most are at work and cannot attend. Cllr Sullivan said funding for resilience planning was available. The transfer from copper to fibre internet could be a resilience concern? 4. Networking event – cancelled as only 26 CCs – we would submit as there are around 70; 40 minimum is more than half. Many Community councilors have full time employment. Minimum set too high. 7. Financial; Treasurer not present; no report. Agreed we should have a summary for every meeting of current situation. 8. AOCB: New signs up for Market without vandalism. Joy asked regarding previous comment regarding music/DJ tent at Gala; just an idea Graeme has which the Gala committee may run with? Recycling center closure – asked if there were staff from elsewhere, or why there were insufficient staff. Cllr Sullivan said she would ask the questions. 9. DONM: 24th September 2026	Cllr S.
